

2020 SPRAY EARLY WITH CONFIDENCE PROGRAM

Now with an additional weed management strategy option
and a broadleaf and grass control guarantee

ROUNDUP READY®
X TEND
CROP SYSTEM

North Central

Program Benefits

- ✓ Weed control guarantee on both broadleaf and grass weeds - earn up to **\$15/acre**¹
- ✓ Effective weed resistance management strategy
- ✓ Increased flexibility for farmers & custom applicators
- ✓ Earn additional incentives through Bayer PLUS Rewards

Program Requirements (soybeans only)

Option 1: Preferred Weed Management Strategy

- 1. Start Clean.** Use appropriate burndown herbicide at labeled rate or tillage
- 2. Apply a Pre-Emergence Application.** Use a qualifying residual product (*Group 3, 14 or 15*) at the labeled rate within 2 weeks before planting or prior to soybean emergence to control broadleaf weeds
 - Recommend adding metribuzin in areas with Amaranthus species or PPO-resistant species
 - Recommend adding XtendiMax® Herbicide with VaporGrip® Technology, a restricted use pesticide, in minimum-till and no-till situations
- 3. Apply a Post-Emergence Application.** Make **POST** application when weeds are less than 4 inches **and** within 30 days after planting soybeans (*recommended application between 20-30 days after planting*). Application should include Warrant® Herbicide (3-4 pts) **or** Warrant® Ultra Herbicide² (50 fl oz.) **and** Roundup PowerMAX® Herbicide **or** Roundup WeatherMAX® Herbicide (32 fl oz.) **and** XtendiMax® Herbicide with VaporGrip® Technology (22 fl oz.) **and** an approved DRA at labeled rate.

NEW – Option 2: Alternative Weed Management Strategy

- 1. Start Clean.** Use appropriate burndown herbicide at labeled rate or tillage
- 2. Apply a Pre-Emergence Application.** Make application of XtendiMax® herbicide with VaporGrip® Technology (22-44 fl oz.) **and** Warrant® Herbicide (3-4pts) **and** metribuzin³ at planting or as soon as possible after planting but prior to soybean emergence. Include Roundup PowerMAX® Herbicide or Roundup WeatherMAX® Herbicide in minimum-till and no-till situations.
 - Recommend adding a Group 2 herbicide⁴ in places where there are dense populations of large-seeded broadleaf weeds
- 3. Apply a Post-Emergence Application.** Make post application when weeds are less than 4 inches and within 21 days after soybean emergence (*recommend application 14-21 days after emergence*). Application should include Roundup PowerMAX® Herbicide **or** Roundup WeatherMAX® Herbicide (32 fl oz.) **and** Warrant Ultra Herbicide (50 fl oz.)²

¹ Up to \$10/acre for broadleaf weeds and up to \$5/acre for grasses if all program requirements are met

² Substitute Warrant where carry-over is a concern or where Warrant Ultra is not labeled. Refer to product label for special precautions on use rates by area and rotational restrictions.

³ Metribuzin required unless in high soil pH of 7.5 and/or higher and low organic matter (0.5%). Refer to product labels for special precautions on use of metribuzin in soybeans in pre-emergence application.

⁴ Please refer to product labels for specific soil pH restrictions

2020 SPRAY EARLY WITH CONFIDENCE PROGRAM

North Central

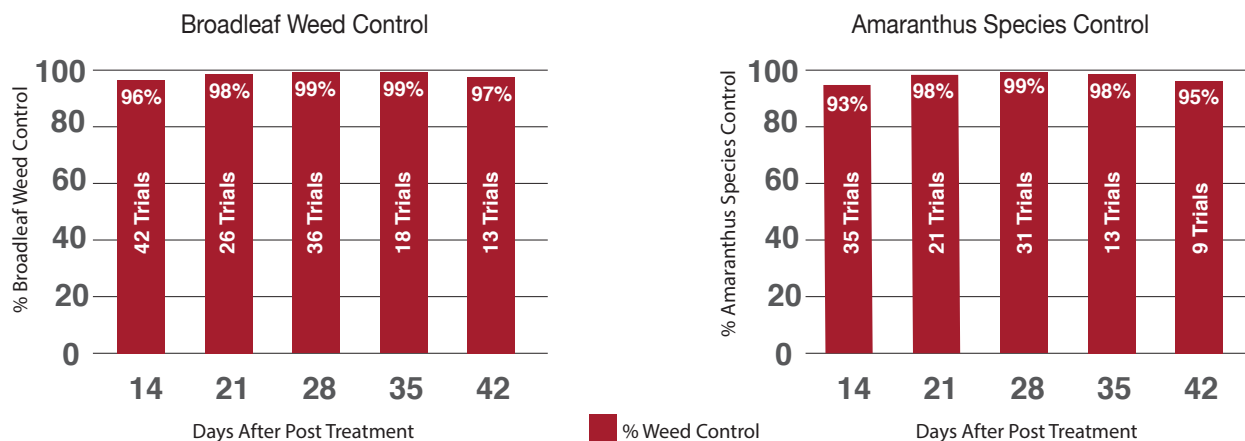

Program Details

- Consult your dealer for product availability and program requirements. If a farmer experiences less than commercially acceptable performance on labeled weeds* within 30 days after the post-emergence application while following all program requirements stated on page 1, **Bayer will pay up to \$15/acre (up to \$10/acre for broadleaf weeds and up to \$5/acre for grasses)** to assist in a second post-emergence application on the affected acres (*only if respray occurs*). All claims subject to verification by Bayer.
- Qualifying seed brands for this program include Asgrow®, Channel®, Fontanelle Hybrids®, Gold Country Seed®, Hubner Seed™, Jung Seed Genetics™, Kruger Seeds™, Lewis Hybrids™, REA Hybrids™, Specialty Hybrid™, Stewart Seeds™, Stone Seed™ and most other seed brands**. *See below for list of eligible states.****
- In order to file a claim, a farmer's authorized Crop Protection Retailer must call **1-844-RRXTEND**. A qualifying representative will confirm program requirements were met including application timing, rates and qualifying seed brands. This offer is only applicable for the 2020 growing season. Claims deadline is August 15, 2020. Must notify of claim within 40 days of application.

Proven Weed Management Recommendation

Broadleaf weed control with a **PRE[†]** followed by **Early POST** application of XtendiMax® Herbicide with VaporGrip® Technology (22 oz) + Roundup PowerMAX® Herbicide (32 oz) + Warrant® Herbicide (48 oz) + an approved DRA at labeled rate

internal TD trial data from 2016-2018

[†]PRE treatment was a combination of two or three unique herbicides from Groups 4, 5, 14 and 15 or Group 14 alone

For more information and links to resources on herbicide resistance management, visit www.IWillTakeAction.com.

*On XtendiMax herbicide with VaporGrip Technology label, Warrant Herbicide or Warrant Ultra Herbicide.

**Seed brands that do not qualify for program include Corteva™ affiliated brands, Syngenta® affiliated brands, Stine® Seed, Merschman Seeds®, Burrus® Hybrids and Credenz® Seed.

***Eligible States include Colorado, Delaware, Illinois, Indiana, Iowa, Kansas, Kentucky, Maryland, Michigan, Minnesota, Missouri (excluding Bollinger, Butler, Cape Girardeau, Dunklin, New Madrid, Mississippi, Pemiscot, Ripley, Scott and Stoddard Counties), Nebraska, New Jersey, New York, North Dakota, South Dakota, Ohio, Pennsylvania, Virginia, West Virginia and Wisconsin.

XtendiMax® herbicide with VaporGrip® Technology is part of the Roundup Ready® Xtend Crop System and is a restricted use pesticide. ALWAYS READ AND FOLLOW PESTICIDE LABEL DIRECTIONS. It is a violation of federal and state law to use any pesticide product other than in accordance with its labeling. XtendiMax® herbicide with VaporGrip® Technology and products with XtendFlex® Technology may not be approved in all states and may be subject to use restrictions in some states. Check with your local product dealer or representative or U.S. EPA and your state pesticide regulatory agency for the product registration status and additional restrictions in your state. For approved tank-mix products and nozzles visit XtendiMaxApplicationRequirements.com.

Warrant® Herbicide and Warrant® Ultra Herbicide are not registered in all states and may be subject to use restrictions. The distribution, sale, or use of an unregistered pesticide is a violation of federal and/or state law and is strictly prohibited. Check with your local dealer or representative for the product registration status in your state. Channel® is a registered trademark of Channel Bio, LLC. Asgrow®, Bayer® Cross, Fontanelle Hybrids®, Gold Country Seed®, Hubner Seed™, Jung Seed Genetics™, Kruger Seeds™, Lewis Hybrids™, Rea Hybrids™, Roundup PowerMAX®, Roundup Ready®, Specialty Hybrids™, Stewart Seeds™, Stone Seed™, VaporGrip®, Warrant® and XtendiMax® are trademarks of Bayer Group.
