Program Conditions

- BAYER CROPSCIENCE LP AND ITS AFFILIATES ("Bayer") RESERVES THE RIGHT TO MODIFY OR WITHDRAW THIS PROGRAM OR ANY PORTION THEREOF WITHOUT PRIOR NOTICE.
- Growers will forfeit rebates if products are resold outside of the Bayer's authorized distribution or retail/dealer network. Bayer reserves the final decision, in its absolute discretion, on whether purchasers are valid growers.
- No commission, incentive, rebate, refund, discount or other promotional payment shall be paid on units of eligible products under market funding programs where the sale is made, in whole or in part, via an online electronic point of sale system unless approved by Bayer in writing.
- Bayer reserves for a period of three (3) years from the 2021 Marketing Year the right to audit compliance with all conditions and provisions of this program or other Bayer offers which includes, but is not limited to, an audit of retailer/dealer's or grower's books/records and an inspection of facilities. If retailer/dealer or grower does not have the proper documentation for the three (3) year audit term, Bayer may treat such lack of valid documentation as if the sales were invalid and not properly made and subject to payment of the cost of the audit and forfeiture of program payments.
- Bayer CropScience LP registers its products in the United States in accordance with and to meet U.S. regulatory standards. Such products are sold for labeled uses only and must be used only in accordance with all label instructions. Bayer recognizes that growers and exporting entities can participate in the global export markets for their commodities. However, standards, interpretation of those standards and testing procedures can vary significantly from country to country, and are subject to change. As such, while it will strive to assist growers by providing available information, Bayer cannot guarantee that meeting U.S. residue or tolerance standards will ensure compliance with maximum residue levels (MRLs) or other standards in place in importing countries. Growers and exporting entities are responsible to educate themselves about export markets and their requirements. If a grower or exporter is concerned about meeting and MRLs for an active ingredient or related metabolite, then testing for residues should be considered as an option to ensure residue levels.

Program Details

- Consult your dealer for product availability and program requirements. Talk to your local Bayer representative for the best weed management recommendation. If a farmer experiences less than commercially acceptable performance on labeled weeds⁶ within 21 days after the PRE/At Planting application while following all program requirements, Bayer will pay up to \$15/acre for broadleaf weeds or up to \$12/acre for broadleaf weeds when Warrant[®] or Warrant Ultra[®] is not included, to assist in a second PRE/At Planting application on the affected acres (only if respray occurs to manage an additional flush of weeds). All claims subject to verification and approval of claims by Bayer at its sole discretion.
- Qualifying seed brands for this program include Asgrow[®], Channel[®], Fontanelle Hybrids[®], Gold Country Seed[®], Hubner Seed[®], Jung Seed Genetics[®], Kruger Seeds[®], Lewis Hybrids[®], Rea Hybrids[®], Specialty Hybrids[®], Stewart Seeds[®], Stone Seed[®] and most other seed brands.⁶ See below for list of eligible states.⁷
- In order to file a claim, a farmer, a retailer or Bayer Representative (on the farmer's behalf) must call 1-844-RRXTEND. A qualifying representative will confirm program requirements were met, including application timing, seed and chemistry invoices will be required for claim validation, rates and qualifying seed brands. This offer is only applicable for the 2021 growing season. Must notify of claim within 30 days of PRE/At Planting application. Claims deadline is August 15, 2021.

¹ Up to \$15/acre or up to \$12/acre when Warrant[®] or Warrant Ultra[®] is not included for broadleaf weeds per season per grower if all program requirements are met.

² Active ingredients include: Group 2 (Imazethapyr, chlorimuron-ethyl, clorasulam-methyl); Group 3 (pendimethalin); Group 5 (metribuzin); Group 14 (fomesafen, flumioxazin, or sulfentrazone or saflufenacil); Group 15 (acetochlor, pyroxasulfone, s-metolachlor or dimethenamid-P).

³ When considering Warrant[®] Ultra, substitute Warrant[®] where Warrant[®] Ultra is not labeled or where carry-over is a concern. Refer to product label for special precautions on use rates by area and rotational restrictions. Warrant[®] Ultra may be applied only once per growing season. If using Warrant[®] Ultra in a pre-emergence application, Warrant[®] must be used in the post-emergence application.

⁴ Please refer to product labels for specific soil pH restrictions.

⁵ On XtendiMax[®] herbicide with VaporGrip[®] Technology, Warrant[®] Herbicide, Warrant[®] Ultra Herbicide or active ingredients group herbicide labels.

⁶ Seed brands that do not qualify for program include Corteva[™] affiliated brands, Syngenta[™] affiliated brands, Stine[®] Seed, Merschman Seeds[™] and Credentz[®] Seed.

⁷ Eligible States include Alabama, Arizona, Arkansas, Colorado, Delaware, Florida, Georgia, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maryland, Michigan, Minnesota, Mississippi, Missouri Nebraska, New Jersey, New York, New Mexico, North Carolina, North Dakota, Ohio, Oklahoma Pennsylvania, South Carolina, South Dakota, Tennessee, Texas, Virginia, West Virginia and Wisconsin.

⁸ The final decision whether the program on a field is less than commercially acceptable performance shall be at the sole discretion of Bayer.

⁹ Any agriculture branded Roundup products including Roundup WeatherMAX[®] herbicide (32 fl oz/A) or Roundup PowerMAX[®] II herbicide (32 fl oz/A) or Roundup PowerMAX[®] 3 herbicide (30 fl oz/A).
