

2021 | Stay Clean - 30 Day Post-Emergence Weed Control Guarantee

When you choose the **#1 SOYBEAN SYSTEM PLANTED BY FARMERS***, you expect to see results. That's why we created our **PROVEN WEED MANAGEMENT STRATEGY** that's built on overlapping residuals and backed by our **WEED CONTROL GUARANTEE**.

Weed Control Guarantee

If you follow all program requirements (see reverse side) and you experience less than commercially acceptable performance on labeled weeds⁹, Bayer will have you covered on **up to \$15/A on an additional application!**

Additional Benefits

- Effective weed management strategy
- Increased flexibility for farmers & custom applicators
- Money-back incentives available through Bayer PLUS Rewards**

It's all about the strategy.

The right strategy starts with the right products.

See reverse side for all program requirements and details.

Program Conditions

- BAYER CROPSCIENCE LP AND ITS AFFILIATES ("Bayer") RESERVES THE RIGHT TO MODIFY OR WITHDRAW THIS PROGRAM OR ANY PORTION THEREOF WITHOUT PRIOR NOTICE.
- Growers will forfeit rebates if products are resold outside of the Bayer's authorized distribution or retail/dealer network. Bayer reserves the final decision, in its absolute discretion, on whether purchasers are valid growers.
- No commission, incentive, rebate, refund, discount or other promotional payment shall be paid on units of eligible products under market funding programs where the sale is made, in whole or in part, via an online electronic point of sale system unless approved by Bayer in writing.
- Bayer reserves for a period of three (3) years from the 2021 Marketing Year the right to audit compliance with all conditions and provisions of this program or other Bayer offers which includes, but is not limited to, an audit of retailer/dealer's or grower's books/records and an inspection of facilities. If retailer/dealer or grower does not have the proper documentation for the three (3) year audit term, Bayer may treat such lack of valid documentation as if the sales were invalid and not properly made and subject to payment of the cost of the audit and forfeiture of program payments.
- Bayer CropScience LP registers its products in the United States in accordance with and to meet U.S. regulatory standards. Such products are sold for labelled uses only and must be used only in accordance with all label instructions. Bayer recognizes that growers and exporting entities can participate in the global export markets for their commodities. However, standards, interpretation of those standards and testing procedures can vary significantly from country to country, and are subject to change. As such, while it will strive to assist growers by providing available information, Bayer cannot guarantee that meeting U.S. residue or tolerance standards will ensure compliance with maximum residue levels (MRLs) or other standards in place in importing countries. Growers and exporting entities are responsible to educate themselves about export markets and their requirements. If a grower or exporter is concerned about meeting and MRLs for an active ingredient or related metabolite, then testing for residues should be considered as an option to ensure residue levels.

For >20" Row Spacing

Recommendations

- PRE/At Planting application** include Roundup PowerMAX[®] herbicide 9 in minimum-till and no-till situations
- PRE/At Planting Application** - add metribuzin⁵ in areas with Amaranthus species or PPO-resistant species
- Post-emergence application** - 20-30 days after planting

Program Details

- Consult your dealer for product availability and program requirements. Talk to your local Bayer representative for the best weed management recommendation. If a farmer experiences less than commercially acceptable performance on labeled weeds⁴ within 30 days after the post-emergence application while following all program requirements, Bayer will pay up to \$15/acre (up to \$10/acre for broadleaf weeds and up to \$5/acre for grasses) to assist in a second post-emergence application on the affected acres (only if respray occurs to manage an additional flush of weeds). All claims subject to verification and approval of claims by Bayer at its sole discretion.
- Qualifying seed brands for this program include Asgrow[®], Channel[®], Fontanelle Hybrids[®], Gold Country Seed[®], Hubner Seed[™], Jung Seed Genetics[™], Kruger Seeds[™], Lewis Hybrids[™], Rea Hybrids[™], Specialty Hybrids[™], Stewart Seeds[™], Stone Seed[™] and most other seed brands.⁷ See below for list of eligible states.⁸
- In order to file a claim, a farmer, a retailer or Bayer Representative (on the farmer's behalf) must call 1-844-RXTEND. A qualifying representative will confirm program requirements were met, including application timing, seed and chemistry invoices will be required for claim validation, rates and qualifying seed brands. This offer is only applicable for the 2021 growing season. Must notify of claim within 40 days of post-emergence application. Claims deadline is August 15, 2021.

¹ Up to \$10/acre for broadleaf weeds, up to \$5/acre for grasses and up to \$15/acre per season per grower if all program requirements are met.

² Active ingredients include: Group 2 (Imazethapyr, chlorimuron-ethyl, clorasulam-methyl); Group 3 (pendimethalin); Group 5 (metribuzin); Group 14 (fomesafen, flumioxazin, or sulfentrazone or salflufenacil); Group 15 (acetochlor, pyroxasulfone, s-metolachlor or dimethenamid-P).

³ Any agriculture branded Roundup products including Roundup WeatherMAX[®] herbicide (32 fl oz/A) or Roundup PowerMAX[®] II herbicide (32 fl oz/A) or Roundup PowerMAX[®] 3 herbicide (30 fl oz/A).

⁴ When considering Warrant[®] Ultra, substitute Warrant[®] where Warrant[®] Ultra is not labeled or where carry-over is a concern. Refer to product label for special precautions on use rates by area and rotational restrictions. Warrant[®] Ultra may be applied only once per growing season. If using Warrant[®] Ultra in a pre-emergence application, Warrant[®] must be used in the post-emergence application.

⁵ Please refer to product labels for specific soil pH restrictions.

⁶ On XtendiMax[®] herbicide with VaporGrip[™] Technology, Warrant[®] Herbicide, Warrant[®] Ultra Herbicide or active ingredients group herbicide labels.

⁷ Seed brands that do not qualify for program include Corteva[™] affiliated brands, Syngenta[®] affiliated brands, Stine[®] Seed, Merschman Seeds[®] and Credenz[®] Seed.

⁸ Eligible States include Alabama, Arizona, Arkansas, Florida, Georgia, Louisiana, Mississippi, Missouri (Bollinger, Butler, Cape Girardeau, Dunklin, New Madrid, Mississippi, Pemiscot, Ripley, Scott and Stoddard Counties), New Mexico, North Carolina, Oklahoma, South Carolina, Tennessee and Texas.

⁹ The final decision whether the program on a field is less than commercially acceptable performance shall be at the sole discretion of Bayer.

XtendiMax[®] herbicide with VaporGrip[™] Technology is part of the Roundup Ready[®] Xtend Crop System and is a restricted use pesticide. ALWAYS READ AND FOLLOW PESTICIDE LABEL DIRECTIONS. It is a violation of federal and state law to use any pesticide product other than in accordance with its labeling. XtendiMax[®] herbicide with VaporGrip[™] Technology and products with XtendFlex[™] Technology may not be approved in all states and may be subject to use restrictions in some states. Check with your local product dealer or representative or U.S. EPA and your state pesticide regulatory agency for the product registration status and additional restrictions in your state. For approved tank-mix products and nozzles visit XtendimaxApplicationRequirements.com. Roundup[®] Technology[®] includes glyphosate-based herbicide technologies. Warrant[®] Herbicide is not registered in all states and may be subject to use restrictions. The distribution, sale, or use of an unregistered pesticide is a violation of federal and/or state law and is strictly prohibited. Check with your local dealer or representative for the product registration status in your state. Asgrow[™], Bayer Cross Design, Channel[™], Fontanelle Hybrids[™], Gold Country Seed[™], Hubner Seed[™], Jung Seed Genetics[™], Kruger Seeds[™], Lewis Hybrids[™], Liberty[™], PowerMAX[™], Rea Hybrids[™], Roundup Ready[™], Roundup Technology[™], Roundup WeatherMAX[™], Specialty Hybrids[™], Stewart Seeds[™], Stone Seed[™], VaporGrip[™], Warrant[™], XtendFlex[™], and XtendiMax[™] are trademarks of Bayer Group. ©2020 Bayer Group.
