Bayer is collaborating with 12 university programs throughout North America to:  
+ Conduct research on current and future dicamba formulations containing VaporGrip Technology.  
+ Generate additional localized data and more knowledge about low-volatility dicamba technology.

*BxtendMax® Herbicide with VaporGrip® Technology is a restricted use pesticide.
In 2018, Initiatives Supported Weed Management Research, Education & Trialing with Academic Universities

**Univeristy Research was reviewed in the EPA’s re-registration of Xtendimax® Herbicide with VaporGrip® Technology, a restricted use pesticide**

The EPA considered extensive research from universities across the U.S.

Academic research summary:

+ Led extensive drift and volatility field trials
+ Reported directly to the EPA
+ Helped determine label requirements
+ Enabled a broad range of growing conditions and diverse data
+ Reinforced the protocol

**xtendimax with vaporgrip technology off-target movement trial large-field plot layout**

During the 2018 season, academic partners trialing XtendiMax with VaporGrip Technology utilized the following field trial protocol.

**Objectives**

1. Confirm soybean performance in the Roundup Ready® Xtend Crop System
2. Optimize dicamba for management of troublesome weeds
3. Prepare dicamba tank mixes for pest control (weeds and insects)
4. Assess the mechanisms of dicamba weed resistance
5. Leverage integrated weed management systems

XtendiMax® herbicide with VaporGrip® Technology is part of the Roundup Ready® Xtend Crop System and is a restricted use pesticide. ALWAYS READ AND FOLLOW PESTICIDE LABEL DIRECTIONS. It is a violation of federal and state law to use any pesticide product other than in accordance with its labeling. XtendiMax® herbicide with VaporGrip® Technology and products with XtendiMax® Technology may not be approved in all states and may be subject to use restrictions in some states. Check with your local product dealer or representative or U.S. EPA and your state pesticide regulatory agency for the product registration status and additional restrictions in your state. For approved tank-mix products and nozzles visit XtendiMaxApplicationRequirements.com.
